THE SPECULATIVE MARKETS

Wheat Showed a Falling Off from the First Transactions.

CROP PROSPECTS REPORTED FAVORABLE

Heavy Covering by Big Shorts Checked the Decline and There Was a Gradual Recovery-Other Reasons for the Improvement.

CHICAGO, Ill., March 31.-A terrific right hander seemed to have struck the wheat market in the jugular today. The first sales showed a fall of over a cent from last evening's closing figures, and a further loss of %c was suffered, making the drop from the high point of yesterday 25c. Corn and provisions felt the force of the shock. Some of the private cables early were intensely bearish, as representing foreign buyers as disposed to hold off and await the result of the course of prices in America. Domestic markets were all on the down grade. Crop prospects were reported favorable and the hesitancy which

reported favorable and the hesitancy which has prevaled among the longs seems to be gradually crystallizing to complete the encouragement. The liquidation was heavy. The amount thrown overboard was very depressing. The Price Current's summary was generally regarded as more or less of a bear card. The line moist weather, too, had not a little to do with the heavy decline.

After selling at from 78% to 78% there was a decline to 78%. At this point some of the big shorts began to cover and take profits. Pardride was the leader in this movement, but Schwartz-Dupee. George Smith and others were also in line. This buying soon checked the weakness and there was a gradual recovery to 78%, but part of this was lost and at 12 Cylork May was 78%. Another reason for the Impro*Cenent was the fact that the weak cables brought buying orders and Kirkwood and Geddes were reported to have worked on No.1 northern wheat. Considerable other strength was shown just at the close, May selling to 25% c. thelefy on heavy coverwood and Geddes were reported to have worked on No. I northern wheat. Considerable other strength was shown just at the close, May selling to 78%, chiefly on heavy covering by shorts. Another factor was liberal exports at New York. George Ward received an order from England to buy 300,000 quarters of northern for May and shin when tendered to him if he could buy to deliver there at 32% per quarter. He bought the wheat, paying a premium for No. I northern. At present London quotations are 28% 3d for car.o. It is figured by some that May wheat in Chicazo is now discounting the current English price by about 1:d per bu. On the other hand a message from Minneapolis said miliers were compelled to take wheat from public elevators to run their mills—something very unusual at this time of the year.

A Duluth message extensively circulated here says: "Never has there been such an influx of grain at this time of the year as the present week has shown and as will continue through April. Local grain men now claim that there will be in the elevators controlled by the Duluth Board of Trade not less than 24,000,000 bu. of grain by the opening of navigation. Duluth has received so far, of the crop of last fall. 42,000,000 bu. of wheat and expects to handle in the entire crop year over 50,030,000 bu.

In the face of the Duluth dispatch Willard Kennett says: "Nobody can lose a great deal on corn."

The fact that the grading was better than

on corn."

The fact that the grading was better than for a long time, as 143 of the 148 cars were contract, together with the stump in wheat, started pretty free selling and the cilque was not apparently doing much to sustain the May corn opened %c lower at 40c, up to 40%c.

May corn opened 15c lower at 40c, up to 4014c, off to 3054c, and at 12 o'clock was about 3054c. A weaker feeling ruled in the last hour, with heavy seiling, part of it supposed to be by the clique, and May touched 3054c, but rapidly improved again, closing at from 305c to 3054c. Oats followed the example set by the other cereals and ruled lower, the close being from 55c to 55c under recent figures.

Provisions opened heavy with the decline in hogs. Pork was weaker than the other products, being accelerated by the break in wheat, the local longs selling and a block of stop orders coming in from the country. There was a marked improvement later on, a prominent operator buying freely. May pork and ribs closed 5c above last night's final quotations.

tions.
Estimated receipts for tomorrow are:
Wheat, 125 cars: corn, 204 cars; oats, 136 cars;
bogs, 21,030.
The leading futures ranged as follows:

Traders' Talk,

Traders' Talk,

Chicago, Ill., March 3l.—Counselman & Day to Cockreil Brothers: The weakness in wheat seemed to caliminate in the open ng collapse today when sales at 78c and 78/5c for May and July delivery, respectively, were made. Some beinted longs closed their holdings, and although the disposition on the part of large traders to follow the market lower was plainly wanting, as indicated by the free covering of short sales; the bulls are without a leader and the closing rally was on a better feeling in shipping circles. Corn declined under free unloading by the late bulls from the provision crowd. Indications of bright, warm weather to improve grading changed their ideas of a probable squeeze in the May delivery. Shippers bought May freely at 40c until their wants were supplied, after which liquidation by the leaders of the bull cilque caused a break to 30/3c. Shorts covering gave the market a late rally of Mc, but no realizing was shown at the close. The lack of any disposition to operate on the short side of oats is becoming more pronounced. The surplus from the last crop is large and will probably seek the market as soon as practicable to make delivery. Provisions were in good demand throughout from packers and local shorts. The feeling predominated that the product is too low to remain long at the present figures.

Chicago, Ill., March 3l.—Kennett, Hopkins & Co. to S. A. McWhorter: There seems to be no good reason for today's weakening in wheat. Cables were easier but the fact that our market has been above a shipping basis and that 600,000 or 700,000 bushels have usually been marketed ought to have offset the foreign marketed ought to have offset the foreign marketed ought to have offset from nearly all sections of the winter wheat being done would undoubtedly turn it but for the glowing crop reports from nearly all sections of the winter wheat being done would indicate that the clique have temporarily suspended the manipulation. They have doubt'ess unloaded some of their holdings, but miss still have a

STOCKS AND BONDS.

Aggressive Operations Continue Undiminished on the Bear Side.

New Youk, March 31.—Aggressive operations in the stock market still continue only on a temporal continue only on a temporal continue only on the bear side and they are restricted to the limits of safety, and white no disposition is shown to actively resist the pressure trought to bear the amount of long stocks coming upon the market is inconsiderable and the impression made upon prices is without significance in the main. A few points in the list, however, offer special opportunity for depression, and these are made the most of for the time being, affecting the general ist to a certain extent. Among these at present the Richmond & West Point securities were most prominent, followed by New England, and from time to time by the industrials and coalers. The recent aggressive action of the New Haven road was made the basis of an attack upon New England. The form the to time by the industrials and coalers. The recent aggressive action of the New Haven road was made the basis of an attack upon New England. And from time to time by the lowest and Reading the bears concentrated their forces today. Louisville was made in the railroad list even in the intent to boil steady, but no material concessions were made in the railroad list even in the intent to boil steady, but no material concessions were made in the railroad list even in the intent to boil steady, but no material concessions were made in the railroad list even in the intent to boil steady, but no material concessions were made in the railroad list even in the intent to boil steady, but no material concessions were made in the railroad list even in the intent to boil steady, but no material concessions were made in the railroad list even in the intent of the list in the list

some stocks. Sugar, however, became the weak point late in the day, and selling as high as 68%, but it retired to 89%, closing only a slight fraction higher than its lowest figures. The general list throughout the day was traded in upon the narrowest limits, and such stock as Eric for instance, fluctuated over a range of only 4 per cent. The temper followed the movements of the leaders at a long distance and no decided tendency in price was to be seen at ments of the leaders at a long distance and no decided tendency in price was to be seen at any time outside of the active shares. The weakness in Sugar was feit in the late trading and gave the final dealings a drooping tendency, the market finally closing very heavy with most stocks at or near the lowest point of the day. The declines of note are: Sugar, 2% per cent; Reading, 1% per cent; New England, 1% per cent and Manhattan, which fluctuated widely, only % per cent.

Government bonds have been dull and steady. State bonds have been duil and steady.

Financial Review.

New York, March 31.—The Post says: It was suggested that a defeat of the silver movement in congress might furnish an interesting test of the foreign attitude towards our own market. The movement has already met defeat, but the results of the test were meare. European buying of our stocks has yet followed ever in the narrow field of arbitrage trading. So far as the test has proved anything, it has proved that the foreign speculative interest in our stock market is at present dead and not easy to revive. In our head market Europe is reputed to have been a more active investor recently than for some time previous. Such investments, however, must of course have been made, if made at all in any volume, over the counter. In the Stock exchange itself business in high grade bonds has fallen off heavily since the opening of the market, although it will be observed that the dealings are generally a point or two higher. The bond market will be worth careful studying for some time to come, particularly as it is growing more apparent every day that the plentiful supply and low rates for money in all the financial centers are likely to continue. Financial Review.

New York Money Market. NEW YORK, March 3L-MONEY ON CALL-Easy at 15 to 2 per cent; last loan 2 per cent; closed offered at 2 per cent.

too light to admit of any serious break and yet buvers seemed to want some eattle, butwantou them lower. Shipping and export buvers were rather bearish on account of the condition of eastern markets and their purchases were limited. Local dressed beef houses did the buik of the trading and at slightly shinded prices. There was nothing really choice here, the general quality of the offerings being rather indifferent. Very good 1,200 to 1,400-1b, beeyes sold from \$1.50 to \$1.50, with fair to good \$50 to 1,300-1b, steers from \$1.50 to \$1.50. Neighly everything at all desirable found a purchaser before the close.

Cows and mixed stock sold at substantially steady prices. The offering were not large, nor was the quality anything extra. The demand, however, continues strong and trade was fairly briss. Sales were from \$1.50 to \$1.50. for poor to choice stock, Buils, oven and stags showed no particular change, moving fully at fully steady prices from \$1.50 to \$1.50. The trade in stockers and feeders was scattered, but prices were generally strong. It was very common stock that had to sell below \$1.00, and some choice stuff sold as high as \$3.50. Representative sales: \$3.50. Representative sales:

*corn fed 'hay fed Hogs-The supply has not varied much for the nast three days, the increase in receipts for the past few days compared with the same four last week, being only about 1,000 head. The quality has been remarkably even for the past two or three weeks and this fact will, in a measure, account fer the comparatively narrow range at which the hogs have been selling for that period.

Business opened out rather slow and the market was unevenly lower from the start.

market was unevenly lower from the start. Fresh meat men and shippers bought good light and butcher weight hogs at prices steady to 5c lower than Wednesday, mostly at from \$1.50 to \$4.55. A few choice sorted loads brought from \$1.574 to \$4.61. Nearly everything the shippers and fresh meat dealers thing the shippers and fresh meat dealers bought was sorted, the throwouts selling at from \$4.00 to \$4.35. Heavy and mixed packers were ac to 10c lower than Wednesday, selling largely at from \$4.40 to \$4.45. Everything soid in fairly good season, the bulk at from \$4.40 to \$4.55, against at from \$4.50 to \$4.55. Wednesday, the general average of prices paid being \$4.47, against \$4.534 Wednesday and \$4.545 Thursday of last week. Representative sales; No. Av. Sh. Pr. No. Av. Sh. Pr.

300,000 bars Union soap sold in Ne braska last month. It's the best. ANNOUNCEMENTS.

The new dramatic attraction at Boyd's new theater following the Conreid Opera company will be Robert Mantell and his company of players. Mr. Max Zoellner, his manager, arrived in the city yesterday and announced the following brilliant reporteire for the Omaha engagement of the Mantell company: Thursday evening, "Mondars:" Friday evening, "Hamlet;" Saturday mat-inee, double bill, "The Lesson in Acting" and "The Louisianian," and Saturday evening,
"The Corsican Brothers." The following is
a true estimate of Mr. Mantell from the able

critic of the Philadelphia Press:
"Mantell is a marvel. He belongs on the boards, and adorns the arena of his activities. In Monbars he is majestic and masterful—a player of heroic mold measuring up to the requirements of a noble and grandly emo-tional character. But it was in that other and pre-eminent character of Hamlet that Mantell ambitiously entertained a crowded, critical and cultivated audience at the Walnut Street theater last night."

"Two Old Cronies" is booked at the Farnam Street theater for four nights com-mencing Sunday afternoon. Of a recent presentation in Kansas City the Times said: Anderson's "Two Old Cronies" with its new trimmings, and as witnessed here by large audiences, is one of the best attractions offered for many weeks. A. H. Williams as Jacob and E. J. Hefferman as O'Donovau, are the "cronies" this season, and both sus-tain not only a rather popular precedent, but have a few gew-gaws all their own. But Ada Deaves, who can make herself more fantastically homely and more elegantly fantastic by turns than anybody else, is still the particular attraction of the show has, of course, some new and indescribable gowns, some new recitations and several pop-ular old ones. The two "cronies" this sea-son make all their entrances and exits to the music of "Comrades," and Ada Deaves, in her sweeping ins and outs, is set to "Boom de Ra." J. Henry Macke, Ruby Welsh and Lindley Morson are all good specialty people and character people well placed. Don sisters are capital dancers and win many recalls. These, with Fannie Bloodgood and Florence Nevatt, make a quintette of at-tractive girls, who change costumes so often that you can hardly keep track of them.

"Late to bed and early to rise will shorter the road to your home in the skies." But early to bed and a "Little Early Riser," the pill that makes life longer and better and wiser.

Omaha compressed yeast strictly pure. Adopted the Rules.

At a meeting of the republican county central committee held last evening the primary election rules which were submitted for consideration some time ago, were adopted. Only one amendment to the rules as origi-

nally submitted was offered. That was that no person be allowed to take their ballot from the room pefore voting. This amend ment was considered a good one and was immediately adopted. A list of republican voters of each ward was furnished the committeemen for use at the next primary election which will be

held on April 21. At this election delegates will be elected for the state, congressional and national conventions. About Railroad Men. Chief Clerk Morphy of the Eikhorn freight office has gone with his wife on a

trio to Chicago. General Agent Phillippi of the Missouri Pacific went to Chicago last night, accompanying his mother. L. E. Sessions of the Monon route and harles Sexton of the Northern Pacific office

of St. Louis are in the city; General Superintendent Hughes of the Elkhorn and General Agent hitchie of the Northwestern are in Chicago. Captain Hattie Smith Coming The Salvation army of Omaha is preparing

for a grand jubilee tonight. Captain Hattie Smith and Major Keppel and wife will be in Omaha to address the faithful vill be in Omaha to address The army headquarters will probably be crowded to their utmost limits. Captain Smith will relate the causes that led to the terrible tragedy in which she was one of the victims when she was here last November. This will be her first appearance in Omaha since her recovery.

Many Lives

would be saved by taking in the first stage of any illness a generous dose of Brandreth's Pills; this would be especially true in cases of pneumonia or bad colds. Take from six to ten pills and by their thorough action the excess of blood is taken from the lungs to the intestines and congestion must stop. When you feel a cold coming or have a chill followed by a sudden rise of temperature take these pills first and then send for your physician; he won't have much to do, but then he gives you confidence and will have the credit of the cure and all will be satisfied.

Remember, Brandreth's Pills are purely vegetable and cannot do harm; over 100,000,000 boxes have been used during the past 60 years and have never done anything but good.

MANHOOD RESTORED! "Nerve Seedle." MANHOUD RESIURED the wonderful remedy ten guarantee to cure all nervous diseases, such as Wenk Memory.
